

Project Background

Pre-Litigation Research Support investigating all alternative means of resolving disputes before litigation, Litigation Specific research answering litigation related issues supported by analysis of latest cases

Challenges

- ⦿ Comprehensive brief on the topic across several state jurisdictions in **IRAC format**
- ⦿ Research in specified format to meet ongoing litigation timelines and dates
- ⦿ Accurate results

IDS Solution

On boarded **attorneys with prior litigation** experience of minimum 2 years, excellent writing skills and trained on the US laws

WestLaw and Google Scholar identified as the tools to get accurate results.

Research done with regard to opinion on the case, reasoning behind it and how it was different from other cases i.e. **highlighting the factors considered while taking decision**

Initial research led to a relevant case followed by list of cases on the same issue

Overlapped shifts to ensure **production and QC on the same day**

Regular updates to client for **smooth flow of communication** and clear understanding of client requirements
